All the profiles take between 15 and 25 minutes to complete.

Ideally we recommend you do a thinking preference profile (NBI Adult Instrument) combined with a skills profile (NBI Personal Skills Instrument). What you like may not be what you are good at and vice versa. You then you can also link what you like (your personal profile) with what you are asked to do in your job (your job profile). And for teams, what is your preferred contribution?

Coaching

When participating in a profile exercise like this, askacoach.com prefers you also receive a debrief coaching session to assist you with fully understanding the outcome information and how to apply it to your life and situation. In most cases, an initial coaching session on this material is approximately an hour to an hour and a half, chargeable at our standard rate of \$160.00 + GST per hour.

To arrange for your profile and coaching session, please contact Noel Posus (noel@askacoach.com).

LICENSING
